Calling ALL Faculty!!!!!!!! ! ! !
On Saturday, November 17th the college will again be hosting a New England Art Careers and Portfolio Day.

What this means is that the Longwood Building will be swamped with students (over 3500 attended in 1978)bringing portfolios for the colleges (35 from across the country) to review. Career panels will also be held in our auditorium and at the Museum of Fine Arts. One-half of the colleges will be in rooms in Longwood; the other half at the Museum School.

Your college needs YOU. Portfolio reviewing will be from 11:30 to 4:30. Last year twenty of you volunteered (wonderful people) and still the lines extended down the block. Help your college by offering to review portfolios and advise students on that day. Please!

We would also like the Longwood building to look as impressive as possible - exhibits of student work will help us to attract the best students!

Please call Kay in Admissions (ext. 33 or 59) to volunteer as a portfolio reviewer and to let me know of any exhibits, happenings, whatever will be going on that day.

THANK YOU thank you thankyou THANKYOUTHANKYOUTHANKS!

Kay Ransdell
Director of Admissions

From Edward Movitz,
President of the Faculty Association

Reduction of Part-time dues: At the recent MSCA Delegate Assembly, an ammendment to the MSCA Constitution (proposed by the delegates from the College of Art) to reduce the dues of less-than-half-time faculty to half of the current MSCA dues, was passed.

Preparation of New Contract: Proposals for a new contract have been received by the MSCA Bargaining Committee from all the State Colleges. Intense preparation will take place during November so that the new proposal can bee forwarded to the Board of Trustees by December. Bargaining is scheduled for the early part of next year.

No Quorum, No Business: Because of the lack of a quorum, no business was conducted during the October meeting of the Faculty Association. The Administration has not provided the necessary two-hour free period during the week, this year, making it extremely difficult to get faculty together. A quorum consists of twenty members. Future meetings will be scheduled at times when it is felt the most participation is possible.

MTA Initiative Petition: There is only a week or two left to collect signatures for the MTA Initiative Petition which is felt to be more desireable than the "2 ½" proposition for tax relief. Unit members interested in receiving a signature sheet (all signers must be from the same community) should contact Mr. Movitz.
